

# Seasons!

**Let's sing!**

Summer, Autumn, Winter and Spring  
as the seasons change so does the weather they bring!  
In Summer it's hot! In Winter it's cold!  
In Autumn and Spring there's lots of changes to behold!

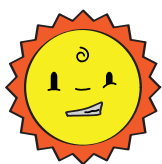

**What does Winter look like?**

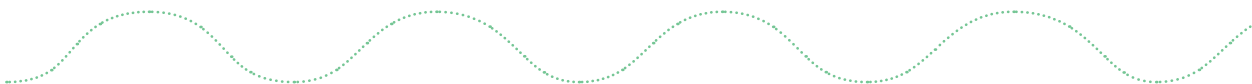

**Seasons Fun Fact.**

In some countries, Autumn is called "Fall" because it's the season when all the leaves fall off the trees!

**Season Patterns! Trace along the dotted line!**

**Activity Suggestions!** fun ways to learn about the weather

# Create a rainbow mosaic

# Create snowy salt paintings

# Create a weather chart for weather discussion at morning mat sessions

# Fill a cup with water. Put shaving cream on top. Explain that when clouds get really heavy with water, it rains! Then put blue food colouring on top of the cloud and watch it rain.

# Create paper plate wind spinners

# Set up an area for the current season Brainstorm with children what would be in this area.

# Build mini ice sculptures

# Create a weather mobile

# The seasons sensory bottles

# Make four seasons trees
